Give to the wind, your fear  
Hope and be undismayed  
God hears your sighs and counts your tears  
God will lift up, God will lift up

Lift up your head  
(God will lift up your head)  
He will lift your head  
(God will lift up your head)

God will lift up your head  
(God will lift up your head)  
Lift up your head  
(God will lift up)  
He will lift up, He'll lift up your head

Leave to His sovereign sway  
To choose and to command  
Then shall we wandering on His way  
Know how wise, how strong

How wise and how strong  
(God will lift up your head)  
Strong is His hand  
(God will lift up your head)

How wise and how strong  
(God will lift up your head)  
How strong is His hand  
(God will lift up)  
Yeah, He'll lift up your head

Through waves and clouds and storms  
He gently clears the way  
Wait, 'cause in His time, so shall this night

Soon end in joy  
(Soon end in joy)  
Soon end in joy  
(Soon end in joy)

Soon end in joy

(Soon end in joy)  
Soon end in joy  
(Soon end in joy)

God will lift up your head  
(Soon end in joy)  
God will lift up your head  
(Soon end in joy)

God will lift up your head  
(Soon end in joy)  
God will lift up your head  
(God will lift your head)

God will lift up your head  
(God will lift up your head)  
God will lift up your head  
(God will lift up your head)

God will lift up your head  
(God will lift up your head)  
God will lift up your head  
(God will lift up)

God will lift up your head  
God will lift up your head  
God will lift up your head  
God will lift up your head
