I built my wall  
You walked right through it  
I threw my stone  
You leaned into it

You were the only one to show me Hell  
Rescued my soul, shattered my shell  
You were the only spot not petrified  
Said the right things at the right time

You love me, love me, love me  
You love me, love me, love me  
Love me now, yeah

You light my fuse  
And I won't blow it  
And these games You use  
Do You think I don't know it?

You were the only one to show me Hell  
Rescued my soul, shattered my shell  
You were the only spot not petrified  
Said the right things at the right time

You love me, love me, love me  
You love me, love me, love me  
Love me now, love me, love me now

My eyes don't belong  
Across from Your stare  
And I'm not going home  
And You're not going anywhere

You love me, love me, love me  
You love me, love me, love me  
Love me now

You love me, love me, love me  
You love me, love me, love me  
Love me now

Love me now, You love me now

Love me now, love me now
