River Constantine

Carry me, Your love is wider than my need could ever
be

Come to me and I will walk along the shoreline

Where Your crashing waves sing in time

With the pounding of my heart

Come down, pour out on me

Come down, pour out on me

River deep, could I know You as well as You know me

Constantine, we will travel faster, farther than these

Legs could ever trustworthy be

Come down, pour out on me

Come down, pour out on me

Come down, pour out on me

Come down, pour out on me
