I know who I am  
Once I was nameless, alone and You found me  
You formed my knees to bend  
You call me beloved, I am perfection

All my failures won't condemn me  
Or leave me paralyzed and bound  
When I'm at my worst  
Your love, it finds me first

By You, I can run in the night  
For by You, I can run in the night

For I am such a man  
Seized by the power of a great affection  
No matter where I am  
Peace spreads below me in every direction

When evil sets the war upon me  
I won't stumble, I won't fall  
Though they do their worst  
Your love has found me first

For by You, I can run in the night  
For by You, I can run in the night  
For by You, I can run in the night

Hide me in the shelter of  
Keep me in the cover of  
Lead me in the light of Your love  
Hide me in the light of Your love

For by You, I can run in the night  
For by You, I can run in the night  
No matter where I am  
For by You, I can run in the night  
For by You, I can run in the night

For by You, I can run in the night  
For by You, I can run in the night  
For by You, I can run in the night  
For by You, I can run in the night

(Whom shall I fear)  
For by You, I can run in the night  
(Whom shall I fear)  
For by You, I can run in the night

(Lead me in the light)  
For by You, I can run in the night  
(Whom shall I fear)  
For by You, I can run in the night  
(Whom shall I fear)

For by You, I can run in the night  
(Lead me in the light)  
For by You, I can run in the night  
(Lead me in the light)  
For by You, I can run in the night
