Speak and say the words that no one else will ever say  
Love, love like the world we know is over in a day

I'm gonna show you love in every language  
I'm gonna speak with words that need no form  
I'm gonna give you what you never had before

You are beautiful and I am weakened by the force of  
your eyes  
So shine bright to separate the truth from the lies  
I'm gonna show you love

I'm gonna show you love in every language  
I'm gonna speak with words that need no form  
I'm gonna give you what you never had before  
What you never had before, had before

So tie me to a tree, let the smoke and ash collect  
No, I won't regret to let love do what love will let  
And we can drown in mixed emotions, walk across an  
angry sea  
This is the cost of being free

I'm gonna show you love in every language  
I'm gonna speak with words that need no form  
I'm gonna give you what you never had before

I'm gonna show you love in every language  
I'm gonna speak with words that need no form  
I'm gonna give you what you never had before

I'm gonna show you love in every language  
I'm gonna show you love in every language  
I'm gonna show you love in every language  
I'm gonna show you love in every language  
I'm gonna show you love
