All her wants
To fill a need
She wants to save you with her bandages
After she makes you bleed

Like a vampire
A parasite
Stretch the neck of her victim
She finds her prey in broad daylight

So when you're up, she's down
You're down, she's up
It whips around, it's the ride
The way that she needs it

Whatever she wanted
For whatever you need
Speechless and silent
(Silent)
She takes everythin'

Kryptonite underneath
You used to be her Superman
But now you're fading
Now you're weak

Never how or why?
It worked to play the big lie
To dim the truth
From causing her wet eyes

Whatever she wanted
(Wanted)
For whatever you need
(Needed)
Speechless and silent
(Silent)
While she takes everything
(Yea)

Yea, whatever she wanted
(Wanted)

For whatever you need
(Needed)
Speechless and silent
(Silent)
She takes everythin'
(Yea)
Everythin', yea

Yea, whatever she wanted
(Wanted)
For whatever you need
(Needed)
Speechless and silent
(Silent)
She takes everythin'
(Yea)

She takes everythin'
Whatever she wants
It's everythin'
