[Chorus: Russell Lee]

This is my passion

You know a playa like me is always ready for action

Singin a child of the ghetto and I'm known for blastin

And won't quit till I get my satisfaction my satisfactio

Repeat 2x

[Verse 1: Rasheed]

I get the rush on the stage

From the words I put on the page

Lions in the cage

Rippin up in a criminal rage

Hot we passionate dashin inside the ghetto maze

Shinin like Uranus

Bring sun to you on rainy days

Ways of the wise don't kill the messenger before the message

You know me Rasheed from Philly to the Houston, Texas

Californi-A got a team in the bay L.A.

We universal

Still buildin our circle sendin soldiers

Out in full dispersal

Hot hot meet the eye of the storm in human form

Ring the alarm swarmin with this wicked storm

Bede bedede bing yiiii that's how I bust em

No discussion or repercussion rush little mudafuckin crushin

Blood in my body

Sweaty tears give a nigga spasms

Make the average female listen to close and have a orgasm

I have em by the tens of thousands lightin my fire

Cuz livin through me they feel the passion of my desire

[Chorus: Russell Lee]

Repeat 2x

[Verse 2: Grimm]

I walk with my feet on the street

The beats gonna keep my lyrics complete

My philosophy the block gone bleed
But is you hearin the G-R-I double M
Violin brown
Recluse the spider Grimm
I an him the ryhmin twin shadows on my mind again
Find a pen thoughts in a poetic perspective
Effective word defective
Know every line is dissected
Rhyme and respected
Stay connected
The matrix is my guide
Immortalized by words on Earth
I keep my faith in God
Crazy inferno flame so much affection
Mental erection
Melodies take me like a demon hat's under possession
Hot we heated like them boys in the prison institution
With a appetite for freedom who gonna light them
fuses
Abusin everything
I love till I reach the greatest ultimatum extraordinary
But on the contrary
Countin my blessings with the skills to give these verbal
lessons
Keep my focus never sell out make maneuvers with
discretion

[Chorus: Russell Lee]

Repeat 2x

[Verse 3: Rasheed]

In the Dope House you know is where we makin our
moves
Please don't hate us cause we blowin up like hot air
balloons
Everybody in the studio we puttin it down
Rasheed, Grimm, and I
We won't quit to the day we die
And we try to abide by the rules of the game
And we hide when we ride fuck the bitches and the
fame
All about my cash flow you betta move over we in the
fast
Ain't gonna stop till we get the thousand plaques maan
So many fallen off cause they wasn't real to the heart
Gotta keep it as true as I can from the movie screen to
the rappin art
Apart of the chosen few showin you how it really is
Really don't matta how you do it just go pursue kid
Great minds settin a trend for my generation
Bottom up that's how I'm buildin my foundation

I have em to the tens of thousands lightin my fire
Cause livin through me they feelin the passion of my
desire

[Chorus: Russell Lee]
Repeat 2x
