Sixty-five years to go
And you're walking out already
I say stay, you say no
Your heart is tired and heavy

Don't give up we'll work it out
Don't give in to all your doubt

'Cause I'm never gonna let you go
I told you, I told you
'Cause you're the only thing I want
When I hold you, when I hold you

Why are you so afraid of being
The one who gets their heart broken?
That you would throw it all away
Don't you see you're all I have

And I would never be the one to let you go
You're all I know
Try to understand, times get hard
Take my hand and drop your guard

'Cause I'm never gonna let you go
I told you, I told you
'Cause you're the only thing I want
When I hold you, when I hold you

I'm never gonna let you go
Even if you tell me so
'Cause that's my word I gave to you
When I told you that I do, that I do

Don't give up, we'll work it out
Don't give in to all your doubt

'Cause I'm never gonna let you go
I told you, I told you
'Cause you're the only thing I want
When I hold you, when I hold you

'Cause I'm never gonna let you go

I told you, I told you
'Cause you're the only thing I want
When I hold you, when I hold you
