"I Miss You"

I've been wondering how you've been
Its been too long since I last heard you voice
Has your life changed?
Do you still look the same?
I miss you
So many things I didn't tell you
So many things you should have known
If you ask me why I kept it in
I swear I don't know
I don't know
Now I miss you

I regret some things I do
But I would never regret loving you
I believe that some things aren't meant to be
I miss you
So many things I didn't tell you
So many things you should have known
If you ask me why I kept it in
I swear I don't know
I don't know
Now I miss you

I miss you

I still think of you each day
Though it may seem like I run away
What to tell you
I couldn't face the truth
And now I miss you

Ohhâ€¦

So many things I didn't tell you
So many things you should have known
If you ask me why I kept it in
I swear I don't know
Not a day passes by without you on my mind
So now you know
I miss you

So now you know
