Killing me softly  
Power on your sight stab me deeper  
Jailing me meekly  
I have no power to run and hide  
Poisoned me slowly  
I have no cure but your smile  
Enchanted me by the beauty  
That I see on the screen

Living by my side  
Breathing by my side  
Sleeping by my side  
That's all my imagines  
Living together, laughing together, crying together  
Unfortunately I dreams all alone

Fantasies I create, dreams I made  
Imagines I make, it's turn out  
I'm just a dreamer who dreams a better couple  
Fantasies I get, dreams I found, imagine I take  
Honestly I'm just a normal person  
Who need warmly caress

Poor me, I can do anything on the loneliness  
The good thing I can do only masturbate  
June 6th 2006 is the great day for both of us  
Evil sign is our wedding day  
Lord of gore will bless our wedding

Flowered coffin, we sleep inside  
Laying down tombstone as our pillow  
Together we spend the night  
Inside the stuffy coffin

The invitation card made by enemy's skins  
Inked by their blood on the carving skins  
Sign our names by drying blood  
We are spreading the sickness together

Celebrate the party on the graveyard  
Special guest come and sit on the tombs  
No dishes, no drinks but human flesh

From the unburied corpses

The bride crown made by human bones  
Decorated by the dead condors  
Tinted red by fresh blood  
Together we used the barbaric fashion

Be my wife, don't trust that's all  
It would be a murmur while I sleep  
I'm just a normal person  
I will be the good husband

I will be the good daddy, you will be the good mommy  
We will bunch the live together  
I know god will realize my obsession
