I've got this feeling over the phone  
That something bad is cooking  
An I believe that you're not alone  
By the way things are looking

Why didn't you tell me everything  
And why let me run with broken wings  
You better learn to treat me right  
'Cause you are in trouble if you don't

Chorus:  
Bang bang bang  
I took your love for granted  
Bang bang bang  
I took your love for granted

There is a bug somewhere in our love  
We're on a ship that's sinking  
I'm really close to having enough  
That's what I've been thinking

Why didn't you tell me from the start  
Somebody twisted in your heart  
You better learn to treat me right  
'Cause you're in trouble if you don't

Chorus:  
Bang bang bang  
I took your love for granted  
Bang bang bang  
I took your love for granted

If your love is true  
There is only space for two  
If it really counts  
There should be no one else around

Chorus:  
Bang bang bang  
I took your love for granted  
Bang bang bang  
I took your love for granted
