Right now is a perfect moment in time
Tonight is a late night gonna cross some line
I never stop dreaming of the Promised Land
It's all gonna work out the way that I planned

Sleepwalking into you bed
I can't get you out of my head
Now there's no way to stop me
Unless you wake me up

I'm gonna be dancing into you arms
I'm gonna convince you with all of my charms

Chorus:
Sleepwalking into you bed
I can't get you out of my head
Now there's no way to stop me
Unless you wake me up

Bridge:
Ahhh baby I miss you so
Ahhh ain't gonna let you go
Sleepwalking
Sleepwalking
The only way to stop me
Is to give me your sweet love

Chorus:
Sleepwalking into you bed
I can't get you out of my head
Now there's no way to stop me
Unless you wake me up
