Love was in the air  
I am standing here  
At the place you left me

Now there is no trace  
The beauty of your face  
Is just a memory

Gonna fake gonna shake gonna brake forever  
And if you do not change you mind  
Gonna lie gonna dry gonna cry about what you said  
Gonna watch the purple sky  
And dream away  
And fly away

Chorus:  
Even when the sun is shining  
Even when the dark is hiding  
Even when the world is smiling  
I don't know what to do without your love

I don't wanna hear what they say  
I am gonna cry my own way  
I know what I am knowing but  
I don't know what to do without your love

Underneath the snow  
Still the river flows  
Heading for the see

Underneath my skin  
There's a little wind  
That blows for you and me

Chorus:  
Even when the sun is shining  
Even when the dark is hiding  
Even when the world is smiling  
I don't know what to do without your love

I don't wanna hear what they say  
I am gonna cry my own way

I know what I am knowing but  
I don't know what to do without your love

I'm still in love with you  
Without your love
