Dear Christopher what's your new's when everything
turns white to blue I wanted to be just like you Dear
Christopher what's your new's you wild one shoot so
wild I don't want to be by myself no,no take me above
wait I am just saying once again Dear Christopher I'm
on fire from all the broken ways,fallen ways Now I'm
burning I wanted to take you higher Dear Christopher
I'm on fire oh ya wild one shoot so wild I don't want to
be by myself oh,oh take me above,away I'm just saying
once again dear Christopher begin in blues nothing is
the same here but no one knew I wanted to be just like
you Dear Christopher begin in blues Dear Christopher
begin in blues.
