you're body feels so smooth
you're lips feel so soft
you're hands feel so warm

you're life is out of control
you are losing you're mind
you're emotions to me are unbelievable
do you ever get a feeling that you cant say
???????

you're lips feel so soft when i kiss em
you're hands feel so cosey
you're life is out of control
you' are losing you're mind
you're emotions to me are nothing
nothingto me means something to me
anything about you dont ccare
dont care boout you or what i feel
you're losing contrl
and i feel you're trying to change
and i dont feel anything for ya any more
i dont care! dont care bout you dont care what you feel
end of the story!
