Fall away with me  
When the road remains too steep  
If you believe in me  
Then that's what I believe  
You are not alone  
Sometimes you think you are some nights  
You are not alone  
Sometimes you think you are some nights  
You are not alone  
Sometimes you think you are some nights  
You are not alone  
Some nights you think you are sometimes  
I stay awake for moments like these  
When the world wants everything  
And everything is all we can see  
If everything is all we need  
I am not alone  
Sometimes you think you are some nights  
I am not alone  
Sometimes you think you are some nights  
I am not alone  
Sometimes you think you are some nights  
I am not alone  
Some nights you think you are sometimes  
Fall away with me  
I can help you to breathe  
And you can help me to breathe
