a new beginning  
a new chapter of my life  
started the day  
when i thought it could be my last  
my eyes were wide shut  
but i hadn't given up  
just thought i'd be walking the world alone

out of the blue  
there i met you  
showed me a life i can;t see without you  
there's just no way that i can fight these emotions  
your engery running thorough me  
no body can renew me like you  
out of the blue  
can this be true?

family and friends they were my life  
i wasn't one for butterflies  
you give me love that i can disguise  
there will be times when were apart  
i want you to know your in my heart  
growing into a beautiful garden

no emotions  
my whole body felt like ice  
needed to feel that the sun shine my way  
my whole words had dust  
btu i had my faith and trust  
just thought i'd be walking the world alone

family and friends they were my life  
i wasn't one for butterflies  
you give love that i cant disgiuse  
there will be times where apart  
i want you to know your in my heart  
growing into a beautiful garden

out of the blue  
there i met you  
i can't believe that this happened so soon

your engry running through me
