"lyrics here"

holding a list of paining
i can remember all the things
i can remember good and bad times
i can love you
only if you wish

i open my eyes
and let the world be mine
you're my life
holding a list of plaining
holding a new beginning in my mind
i got so many thoughts
can not use them all

you're my life
please try to be mine
i'm not use to be alone
i'm so way out of control
ooooooo
i got sso many things in life
i hope to do
the day i die please remember me
you're my life
