You with your lion heart I see You for all of the gifts I know you're giving You with your looking glass so clean Who's got you spun out to sea, spun out far from me

I, I, I, I, I, I wished for you For you I wished for

I, I, I, I, I, I wished for you For you My wish came true

Blew out the sky to find your way
But instead all the stars they glitter just to fade
I try to find out what you need
But you are spun out to sea, spun out far from me

I, I, I, I, I, I wished for you For you I wished for

I, I, I, I, I, I wished for you For you My wish came true

Even as our stars collide I can't see you at all (all...) And I'll wait 'til our stars align I'd love you that long (long...)

I, I, I, I, I, I wished for you For you I wished for

I, I, I, I, I, I wished for you My wish came true I wished for

I, I, I, I, I, I wished for you My wish came true Visit <u>Jasmine Ash</u> page on MotoLyrics.com, to get more lyrics and videos.
