I remember being incharge'and falling behind
Because of you being inpolite'all that did matter
was you said sorry and I could turn around and forgive

Chorus

All that did matter was that
Your words. Have improved
You've grown you've changed.
You've been accepted
And now I can love you
Almost enough
To live with you forever

I remember throwing a tamps Rome because
I couldn't get my own way
I remember walking through a dark tunnel
And beeing saved. By you

Chorus

All that did matter was that
Your words...have improved
You've grown you've changed.
You've been accepted
And now I can love you
Almost enough
To live with you forever

I remember being incharge'and falling behind
Because of you being inpolite'all that did matter
Was you said sorry and I could turn around and forgive

All that did matter was you said sorry
and I could turn around and forgive'
at lest I know now you never mend to hurt
I'm loving you I'm excepting you
I'm letting you come to my world

I remember being incharge'and falling behind
because of you being inpolite'all that did matter

was you said sorry and I could turn around and forgive
