i hear silent amazing  
it was loud a minute ago  
i felt the earth move  
and i had completly moved  
another step

together always with you  
never wanner walk out on the street alone  
i hear that i was you best mate  
and i was your true love right around the courner

when the room completly turns hot  
i sweat from the heat bought onto my skin  
everything inside goes raw and i get mixed up  
in dark emotions

together always with you  
never wanner walk out on the street alone  
i hear that i was your best mate  
and i was your true love right around the courner

silent for minutes not long ago  
don't want to be brought into the light  
always wanted to be kept in the dark

together alweays with you  
never wanner walk out on the street alone  
i hear that i was your best mate  
and i was your true love right around the courner

silent for minutes not long ago  
don't want to be brought into the light  
always wanted to be kept in the dark.
