Back Then

since i become this way
i got out of habbits
habbits i couldn't control
i use to hate who i was
i use to wright so nective
i had hate all over me

i just laugh at who i was back then
if i could turn to a nother wold
and i forgot who i use to be
i'd be sadisfid

tell me all your laughing jokes
i want to hear them i just want to get
out of the hate and all the anger and emteyness

i just laugh at who i was back then
you know that tommrow at mid day
could be something unreal hapen
if you follow me right hen you'll
be there prepeared right ohhh

since i become this way
i've got out of habbits
become so muture oh it's
very weird i find me inside a different person

yeah ohh

if never lied i;d be alright
if i never was hurting i could run
instead i broke somethign i will need
if i'm in danger .
