explain it all
let me be heard
don't shake me
and say no way
cause i love to sing
and i love to dance
and if that is a matter to you
just close your ears
and pretend i am not there

so go to your sweet dreams
don't be awake when i sing
cause i might be a little loud
and when i dance i make a tap a loud tap
with my high heals

you never want to hear what i got to say
why is it always how the voice sounds
but my dreams are to sing and dance
and show the best of me and you give me no time
if you don't want to hear me oh well go to your sweet
dreams
and pretend i'm not here it'll be the best way

cause i am trying to make something unreal in life
i want to be heard i want to be seen
i want you to just be ok with it
instead i have to tell you go to your sweet dreams
and pretend like i am not here

i was almost seen until their came you
you made me stop why can this be
go to your sweet dreams and pretend
i am not singing cause i love to sing
and no one can stop me

you can go to your sweet dreams

sweet dreams.

i ear the wind has gone silent and then i'll be heard
but you gotta give me a go before sun rise
i ear the wind has gone silent and then i'll be heard
but you gotta give me a go before sun rise

here is a chapter of your sweet dreams
