I'm full of kindness I'm full of everything  
I'm in a family so loved I'm though  
Feeling alone and I feel I've been trapped  
In a dark place for so long I don't know  
Where this song came from

Chorus

Be loved forever let the kindness  
Be forever let the sadness fade  
No I won't let hurt come my way  
After such a lovely evening

With you I feel safe without you  
I feel so alone and I feel so untrue  
I don't know if that I can only make it  
If I see you and what if you one day  
Disappear and I go week again?  
And I end up confused

..Oh

I don't want to break your heart  
I didn't ask for this to happen  
Oh lord can you hear me cry  
This way I'm so depressed about it

I'm loosing someone I love  
So I wrote to her

Chorus

Be loved forever let the kindness  
Be forever let the sadness fade  
No I won't let hurt come my way  
After such a lovely evening

I say to you

I darling won't let you leave  
Not now not ever

But I wrote to you

Be loved forever Let the kindness
