### "Be the sanctuary"

be the sanctuary that come true  
be the fairy tale make life change  
help the fragile feeling disappear  
except what happens cause  
you can't stop it  
life is a lesson

be the sanctuary that come true  
be the beautiful one don't be hopeless  
don't be disorientated  
don't feel strageled by one overcome loser  
don't stress over a aload of not true  
( not true )

be the sanctuary that come true  
be the law don't be disorientated  
don't feel week just be strong  
just be strong

( be the sanctuary that came true over a thousand  
years ago)  
stop the lies stop the sorry stop what happens around  
the world  
be the saanctuary that come true over a thousand  
years ago  
ohhh!
