I was woken up with an emotion
I felt I needed to talk about it
Before I got any further
Do you know how much I loved you?
The night before today?

Did you think I'd wake up the same person?
As yesterday? Did you think every thought?
Would be about you? Did you think?
That all I was a girl who wouldn't
Know what you were saying because I'm a girl

Any girl can be as smart as a boy
Just remember girls listen better
sometimes no sometimes can be right
You just never know what's better for you
In life the world today is coming to an end
For me I have to say

If I end up in a relationship and I get knocked down
I'm out of this place right now because I can't take
A heart break my angels please hear me and please
listen to me once again

Did you think I'd wake up the same person?
As yesterday? Did you think every thought?
Would be about you? Did you think?
That all I was a girl who wouldn't
Know what you were saying because you're a boy

I can't think if I'm confused
Did you think every thought would be about you..
Now I'm trying to get my love I have for you
Out of the dark shadows please let free with you
Once again I don't want to give up
I want the chance us shown together

Did you think I'd wake up the same person?
As yesterday? Did you think every thought?
Would be about you? Did you think?
That all I was a girl who wouldn't

Know what you were saying because you're a boy

Did you think I'd wake up the same person?
As yesterday? Did you think every thought?
Would be about you? Did you think?
That all I was a girl who wouldn't Know what you were
saying because I'm a girl

oHHHhh

Did you think that i'd be who i was yesterday"
