"From what i hear"

Visit "[From what i hear](#)" on MotoLyrics.com

i look into what i went through
and then i learn one step at a time
please forgive my misunderstanding
through the pain i caused myself
i've looked so forward to meeting
someone i might find fun once again

from what i hear
sounds my type
from what i hear
sounds like someone
new in my life already
da da da da da da da
OHHH somewhere i know inside i can find my way
through life and what goes on in my life i know i'll be
strong and keep my strength and energy

I look into what i went through
and then i learn one step at a time
and all i want is you to
forgive my misunderstanding
through the pain i caused myself
i've looked as if i've been backwards and forwards

I can't sleep i can't eat
i can't see the picture i want to see
from what i hear
sounds like a new chapter will begin
in only few short minutes
Da Da Da Da Da Da
can i dream the way i thought ? i could
or can it just be a misunderstanding
there are so much in life i can't believe

i can't understand why this can be right
all i want is the wrong to fade..and wish there was no
suh word
forgive my misunderstand
and forget about the pain i caused
help me through darkness
and let me feel heathy again

I can't sleep I can't eat
I can't feel anything within
my whole body feels so hard
it's like it's going to break
I can't sleep I can't eat
I can't see what the picture was ..

i just want my misunderstanding to fade
and i get all the darkness out of my sight.
and feel free once again
