( hold ) me  
don't fly until i say goodbye  
( hold ) me until i die  
it's the only way we can be smiling  
I have dreamed every night about you

when i say i love you  
it means i do and always will  
( so hold me ) until i heal  
if you stay i know then that i can be strong  
without you i'd be caught in the middle of emotions

love is forever  
i can understand that  
( hold me ) and forgive the lies  
I was under control back then  
i was too over protected to even touch you

( when i mean it ) i mean it  
( so hold me ) and forget about the lie's  
you've always been standing in my life  
So why not take that chance

love is forever  
I can understand that  
i've always had feelings  
that were hard to explain  
i was too over protected to even touch you  
...but now i finally was free once again ( hold me )
