I want our moment to always stand in the way
of everyone elase i don't want our hearts broken
i feel we are soul mates i feel we both can get along
i don't want us to end i just want you to know how much
i loved you i hope you regret what you did to me !

inside is your kindness ,inside is who you are
inside is your soul,inside is your heart
nothing can break that]i just want you to know
i will just grow i won't change to be the girl you want

i am who i am i'm not who you want me to be
i just wish you would see that right now
I want our moment to always stand in the way

life is short ,but life is also a journey
i've had so much freedom already
i can do anything i want without having a hard time
what you put me through is going to put you through
tears

you'll want me sometime back ,you'll regret i can see
that
inside my love goes to you i wish you would see that
all i want is you,nobody can change that

inside is your kindness ,inside is who you are
inside is your soul, inside is your heart
nothing can break that i just want you to know
i will just grow i won't chance to be the girl you want

i am who i am i'm not who you want me to be
i just wish you would see that right now
iwant our moment to always stand in the way
nobody can change the way i feel about you
you are my love i hope you learn that now.
