I ask

I can't keep hold of these emotions stuck inside  
I feel someone is though watching over me  
After someone is gone I love I can't move  
all i do is cry well I say don't we all when something like  
that happens

I never want my chance with you blown away  
I hope we can get together i Hope sometime  
You'll see the real me

I'm not asking you to fall in love with me  
I'm not asking you to do what i say  
If this is what you think i am doing

I speak to you like you have only  
sometime to decide to be with me

come with me i will show you  
all my dreams to be when i am older  
I plain to become someone famous  
because I feel that's me

I'm not asking you to fall in love with me  
I'm not asking you to do what i say  
If this is what you think i am doing

I ask in this song will you become mine  
I ask will you be with me all the way  
through life....

I love you and i can't get you of my mind  
Sometime i hope you see the real me  
Sometime I hope you'll see that all i am is me.
