I won't

So yesterday was just a bad day  
Can't let it get to you and you can't  
Let your inside cry for It I will try to be strong  
Just forget about the things that were  
Negatives...I can't be the person I used to be

No I won't let there words  
Get to me no I won't let tears  
Run on my face no I won't let  
Them struck me down like  
Someone who can't take anything  
I will be who I am  
And that's that

Sometimes I feel like there trying to run from me  
I can't take all the feelings it just puts me in a mystery  
Where am I? I ask am I feeling confused with what you  
do

No I won't let tears run down on my face  
No I won't do that I will stay the way I am  
Nothing can make that change  
I've had enough of it  
I've felt like a person who has beauty in her  
And has been put down because of it.

No this can't happen  
I won't let it I will fight it  
Whatever it takes to be cool

No I won't let my chances fall from a wall  
I have made no I won't be weak  
I will be strong I won't care what there words are  
No I won't I will be strong

I have friends I have family  
I try my best in every thing I do  
This time to make it work  
It's going to probably make me a real try hard

But suits me best all I can think of is me to be in  
happiness  
No I won't this is me can't change that
