Insecure!

I don't want you to be that way
Why you taking your frustrations out on
Someone who can only be so innocent?
Your anger is making me cry within
I wish you would stop what you do
And just think again!

I don't want to spend my life time
Remembering everything I went through
From younger age it's just to over hurting
I feel like a dramatic person!
Someone so insecure!

I was feeling like you were throwing me
Out of the group cause you believed what
The roumers were right at this point in time
I wanner make it fade; I wanner control your mind

How can I miss you if this keeps happening?
It's like you don't care about anyone but yourself
How come! you at lest don't try??
Why does it make me cry so much?

I've been holding onto the love for you for so long
I am about to let it go so think again
How did I get so twisted?
Why did you spread what I said around?

I don't want you to be that way
Why you taking your frustrations out on
Someone who can only be so innocent?
Your anger is making me cry within
I wish you would stop what you do
And just think again!

Don't let be the last one to feel that hurt!
wanner get through it don't want to remember it
wanner make my life change wanner make my dreams
real

and so there for yo- " so Think Again

I don't want to spend my life time
Remembering everything I went through
From younger age it's just to over hurting
I feel like a dramatic person!
someone so insecure!
