last word i'd of said to you  
feeling inside heart broken  
last word always came to you  
when i sing to you  
i sound loud  
when i laugh i sound  
so loud when i talk i'm even louder

cause all my last word was  
the hate the never the i love you bit  
forgiven you only twice  
since we've both been high and low  
wish life myself was easy  
can't remember the last moment on earth  
i was loving friends

this is my last word i'd ever give you  
from this moment on until the day i die  
is i love you forever
