live long as you can i know part of the time
you can be strong i've knowen that for so long
you know what you are to me your a beautiful
dream come true in my life
i never thought that you'd be mine now
all i can find is this true happiness.....

live long as you can i know part of the time
you can be strong i've knowen that for so long
i've tried so hard to be strong as well
i've tried so many times to forget about emotions

for you i pray a thousand times
and forever i'm always gonna be here wthi you
your like one of my dreams i never thought
would happen ..you made me happy
for such a long time and i can thank you
in this song for all what you've done for me

live long as you can i know part of the time
you can be strong i've knowen that for so long
your my beautiful dream come true..in my life
your nothing i can let go of

life is a journey and what you are to me
is like one of my dreams i never thought
would happen..from the minute
you walked in my life i've none stop
smiling since i've tried to do my best
i've tried to keep strong ..
i've prayed and prayed for strength
i think i finally recieved it

for you i pray a thousand times
and forever i'm gonna be here with you
your like to me one of my dreams
i never thought would happen

life is a journey and what you are to me
is something i can't live without ..
