Wait Hold OnTo me  
if you live i can live  
without your love who could  
i of been my life now is so fine  
only some days i just need  
surpport with everything coming true

there was a trust made  
now cant break that trust  
hold my hand feel the love  
my inside cares for you  
i'm afraide that you might  
not like me and i love you

it's a emotional growing up thing  
i can never live if you leave  
me there may not be us together  
but i still love you i feel we are soul mates  
lplease understand

i know you know me by name  
lets not get into what we  
both had last year i'm only still  
feeling strong about you  
i'm a little though over you  
i put trust inside that was their for u  
i thought we'd get the chance together  
i only wanted happiness....
