here i am loved
looked after safe
here i am loved so much
family take good care
they know i have a strong soul

here i am loved
i love who i am
and i love that where i'm standing
i am loved

i am loved
i can be stubborn
i can be an angel
i can be to them wonderful
i can beautiful
i can a brat
but i know i am loved
and thank god i don't have a hated face or personality

i am loved i am cared i am great to the people i see
and it's oh such a wonderful thing

(i am loved)
(i am speical)
(i am lucky)
(love who i am)
(love everyone i see in my family)

i've become postive all cause of you
use to be in the nective
but it's only changed causae i am loved
i was reminded so i thank you!

i've been through emotions dark dark emotions
i've been crying for weeks and weeks
i've felt left out plenty of times

here i am loved..!
