i'm in a room full of face's i don't know
why not take that chance to met them
but all i do is feel scared,worried,unsure

it was a day where you had felt nervous
all i could do was cry inside cause
it seemed so weird not being able
to attended your old primary school

i got the chance to make my dreams come true
i won't lose that chance, i must take it
for the future of my life i had felt a little lost before
i arrived but i did very well and i was scared
i would be left on my own but then
i had my friends who i find the best thing
i could take friends are what you need,
family the most important thing i really need

i got all the surpport i need,got a chance to make my
dreams real
someday i hope to be walking down the red carpit
someday i hope
to be famous and someday hope i get what i see cause
then that'll
renew me in no time got the chance must take it.
