make that hurt fade

I said Make that hurt fade
cause sometime soon you wil have to say it yourself
there's no time for a moment to laugh and carry on
my life right now needs you to bring it on

make that hurt fade
keep up the good fight
I couldn't live if there was no light
I've always been bright so yeah

make that trust real forever
don't keep hold of what's been done
cause I know your better then that

I said forever until you speak your mind
you can't just close your eyes then things can
disappear
so I said make that hurt fade
Dont' always stand in the rain
always run out

yeah yeah

make that hurt fade
keep up the good fight
I couldn't live if there was no light
I've always been bright so yeah

I couldn't live without a fight
there's just no way this can be right
us to end and forever the world to be
if only you knew then you would see
see me laugh and cry cuz of happiness

make that hurt fade
keep up the good fight
I couldn't live if there was no light
I've always been bright so yeah

make that hurt fade
make that hurt fade.
