No Matter What Took Me Away

If I had the choice' to leave you to keep myself safe'  
I'd chose to run away and still be with you  
Because I couldn't handle losing you  
Do you know how sad I would of been if I was  
Forced to stay alone and be found' away from you?

What would my family see through me?  
Would they let me walk through that door  
after breaking your heart and be trading you  
If I was in brightness' still I'd be in a little dark space  
I couldn't handle losing you I couldn't handle losing  
that trust  
and the love I had there for you

chorus

You are everything to me'  
you give me strength' and you Still  
help me stay strong and  
oh I thank you' the last word  
that was said before you died  
was I loved you and you'd still be on my mind  
no matter what took me away

I could never live if you left me with nothing  
so I thank you for leaving me with at least something"  
I will need forever" I wish you were still here  
I wish You still were there for me

Chorus

you are everything to me'  
you give me strength' and you Still  
help me stay strong and  
oh I thank you' the last word  
that was said before you died  
was I loved you and you'd still be on my mind  
No matter what took me away

No matter what took me away  
You're still always mine'  
No matter what took me away  
Your still apart of family'  
Please believe in me

No matter what took me away  
I still will love you the same
