out of place i'm gonna lose
i can't wait i'm impatence
i need to wait if idon't i
lost control i can not deal with that
right now out of place
ohh this is not happening
to me i'm so innocent
i never thought now
that this can be this way

out ofplace out of the date
out of thoughts out of paitence
not incharge of it any more
lost all the waiting

how can i forgive myself?
how can i trust ? how can i have enough
strength to last til the end

out of place i'm gonna lose
i can't wait i'm impatence
out of place out of the date
out of thoughts
not gonna judge any more
not gonna consertrate on love
now all i gotta be is this

out of place out of blance
out of control out of thoughts
out of the date.....
