right now i have friends, right now i have family
all they seee through me is kindness , beautiful
kindnesss

it's nice to wright postive it's great to see me happy
again
i was so glad i was out of the dark place i was put into
it's like a dream having someone new a friend in my
life

someone i could end up best friends with, i had a
dream where iwas
in the famous world together in love with a rich man

it's nice to wright postive it's great to see me happy
again
i was glad i was out of the dark place i was put into
it's like a dreaming having someone new here in my
lfie

right now i have friends, right now i have family
all they seee through me is kindness beautiful
kindness

if you're not going to say anything nice don't say
anything ata ll
if you have nothing good to say about someone be
