when i cry i seem to feel a little overcome  
i seem like i'm caught in a lost emotion  
i try to be strong i try so hard to use  
my energy i pray everynight  
for strength i give you the best i can

my eyes are teary my inside  
feels like it's coming  
into a new person  
i tried to get my way at the time  
i tried to be strong i try so hard to use  
up my energy i prayed for strength

i faced one of my fears i never thought that i would  
i got up in front of a ordernts and i gave my best luck

when i cry i seem to feel a little overcome  
i seem to feel like i'm caught in a lost emotion  
i try to be strong i try so hard to use  
my energy i pray everyight for strength i give u  
the best i can all the time

sometime's i just want to hold you  
when i know your not mine so i can't  
it's all mixed emotions my darl.....ing

i faced one of my fears i never thought that i would  
i got up in front of a crowd and i gave the best luck  
i gave the best i could i tried to show you how strong  
i was at the time i was a little confused i never knew  
until that moment..
