Today Tonight

I said before today that nobody could take your place
If you die or stay alive. My chances of living is o
My chances are to fall in love are not yet said
Nobody knows all I hear is a voice spreading across
The wind will you arrive today or tonight my love

Chorus

I lost and I got hurt
I felt within I was crying
Today tonight whenever you arrive
Promise me do not scream at the doorway
Hold me tight make sure. You don't get a fight

I Ask in a kind voice did
You email me well you were gone
Did you always have me on your mind?
Were you a little bit lost without me?

There are many ways you can pretend to be a person
There are so many things I can't say
I've lost a word I might need sometime soon
I hope you see that

Chorus

I lost and I got hurt
I felt within was crying
Today tonight whenever you arrive
Promise me do not scream at the doorway
Hold me tight make sure. You don't get a fright

The love I had for you was oh so strong
I felt it blew away once again
The chances you've had all gone once again

Chorus

I lost and I got hurt

I felt within was crying
Today tonight whenever you arrive
Promise me do not scream at the doorway
Hold me tight make sure. You don't get a fright.
