truly romantic-lyrics

there's no chance you and I are gonna last
I can't keep up with you
you think I am weird and I think you're my rock
how can I live without you
you are truly romantic

my world is what people are in
It's not mine any more
I'm fightin and I'm being as strong as possible
so all I ask is you to be truly romantic
on my last night here

if the earth come crashin down
and there was no time to run
how could I survive now??
you and I make perfect

theres just no way I could live a minute without you
you are truly romantic
you make me strong..you show me the things I never
seen before
the light in your smile
I never want to fade

if the earth come crashin down
and there was no time to run
how could I survive now??
you and I make perfect

you are truly romantic keep it up
don't feel completely left out
you are what you are
nothing can make that change

if the earth come crashing down
and there was no time to run
how could this be true??

you and I just make perfect sense
just follow what you believe in
cause I think your truly romantic.
