is what you see truly a matter?
is what i saw truly unexceptable?
so many words i don't understand
so many bad days i've been trthough
so many tears i've ran through

sometime's i just wish to fade
sometime's i wish the world had no pain
sometime's i wish that everybody would see me

is what you see truly a matter?
is what i saw truly unexceptable?
do you keep up with every word i am saying?

da da da da

want my own style in every way i can have it
want family to hear me and see me showing my love

in my life i didn't know who i was until someone
speical come into my life .yeah

da da da da da

can't be this way forever, sometime got to change
