Hey wait a minute let me tell you what's on my mind  
cuz girl you got to hear my advice  
I know you think that I'm just makin this up but I'm your  
friend and he's been tellin you lies (all the time)  
Girl just listen there's somethin that you're missin  
I promise you it's not a little polynesian  
Girl I saw him that's right with my own two eyes said (it  
wasn't you who standin by his side)

You know it, he sold it  
You bought it, and now your sky is kinda hazy  
Cuz you're boy crazy  
Believe it, I mean it, I've seen it  
I'm not the one you should be blamin cuz you're boy  
crazy  
Girl I'm tryin to be your friend  
And help you bring this to an end  
You're better than that so don't you be ba boy crazy

I know you think that's he's been tellin the truth and that  
there's nothing that he's tryin to hide  
But you should know I'm on the lookout for you and I  
can see right through his menace disguise (girl that's  
right)  
And you should listen there's somethin that you're  
missin (somethin that you're missin)  
I promise you it's not a little polynesian  
And girl I saw him that's right with my own two eyes  
said (it wasn't you who standin by his side)

You know it, he sold it  
You bought it, and now your sky is kinda hazy

Cuz you're boy crazy  
Believe it, I mean it, I've seen it

crazy  
Girl I'm trying to be your friend, and help you bring this  
to an end  
You're better than that so don't you be ba boy crazy

He's got you thinkin girl that you're #1

He's got you thinkin that you're second to one  
He said to me please don't say a thing  
But I'm your best friend I think it's time that he leaves  
Girl just listen there's somethin that you're missin  
I promise you it's not a little polynesian  
And girl I saw him that's right with my own two eyes  
said (it wasn't you who standin by his side)

You know it, he sold it  
You bought it, and now your sky is kinda hazy
