Yeah, yeah, oh  
Yeah, yeah, uh oh, yeah, yeah

Take your hand out my wallet  
Boy you really need to stop this  
Cause you ain't getting nothing  
Whatchu hassling me for?

This ain't no damn charity  
So move your hand away from me  
It's cause we're blowing like a C4  
Got my whole team blowing like a C4

Baby, who you think you're fooling  
Tryna run game when I be coaching  
Boy you need to stop with all that big talk  
When you're just so up talk and you're freeloader  
Brain so poison, ego growin'  
Tryna take it all from me but I notice  
A first class drag when I swag, I notice  
I'll just keep him outside 'cause boy you blew this

Why?  
Cause they want what I got  
They want what I got  
They want what I got

They want what I got  
They want what I got  
They want what I got

They want what I got  
They want what I got, yeah

Yeah, working hard so I tweet hardly  
I let the words speak for itself then I party  
You got me blowing hookah and oh  
Just to kick back and sit back  
Keep drinking my cup in your zone  
Aw... My crew knows what I'm talking about  
I'm with college boys, wish what they was about

And it's the fact that I never brag  
They gave me the credibility needed instead of swag  
And most of you rap sag deserve every damn award  
The honest people who act  
Tweeting like you do something but nothing to show for  
it  
And get all the love like you deserve it  
But never even worked for it  
Writing cards also tryna shit on people names  
Call it jealousy, envy, insecurity  
Out the cage, okay  
You're the example of faking until you make it  
The bullshit don't catch up then karma gon' have a way  
with you

Baby, who you think you're fooling  
Tryna run game when I be coaching  
Boy you need to stop with all that big talk  
When you're just so up talk and you're freeloader  
Brain so poison, ego growin'  
Tryna take it all from me but I notice  
A first class drag when I swag, I notice  
I'll just keep him outside 'cause boy you blew this

Why?  
Cause they want what I got  
They want what I got  
They want what I got
