La La La La La (Yeah Yeah Yeah)
La La La La La (Woah)
La La La La La (Yeah Yeah Yeah)
La La La La La

I can't believe that we
Finally found a way
To make it through the rain
Our love is stronger than their words
'cause everything they say
Cause eveyrthing they say
It don't mean anything
When it comes to us
My love is just what you deserve

[Pre-Chorus:]
Forget all of the haters
What they say can't even break us
They're wishing they could be us
And it's too bad boy
As long as we're together
They can't change my mind never
I'm sure about you and me
'cause you make feel so good

[Chorus:]
I'm not worried about anything
'cause the joy you bring is enough to hold me down
Not anything, 'cause baby I will always be around

Not worried about anything
'cause you're everything
All I need is u right here
Come what may, baby
I won't worry, no

Now all my friends act like
You're no good for me
But they don't know my type
And how you make me so happy
'cause I can count on you
To what I need you to

You're always there for me
Whenever i get lonely

[Pre-Chorus & Chorus]

They don't know how much I ride for you
Hands up high for you
You've proven yourself (Oh oh oh)
You can't understand how much you make me smile
I don't have a doubt
(I'm) not concerned about nobody else

[Chorus x2]
