First let me say
ain't no chick gonna love you like I do
Want you like I do
If anything happens
Tell me who gon' hold you down on the home front
When you're gone

Who gon' love you from the top, bottom?
If you decide to lead, I'd follow
And everywhere I am, want you to be there

Let me be your angel
Let me be your angel
Let me be your ride or die chick
Always by your side
I'll do nothing wrong, do everything right
Be your angel

I can be your angel

Now who am I, to be the one who says who you should love
Matter of fact you know you lovin' me (you love me)
I know that I'm the only one who can put up when you're foolish
Love you when you're foolish

If nothing else matters, know that I'll be down for you
I will never lie to you, I could never cheat
I couldn't if I tried to
I can't go, I can't leave
This is where I wanna be now
In love with you

Let me be your angel
Let me be your angel
Let me, let me, let me be your angel
Let me, let me, let me, let me, ooh

Let me be your angel
