"I Dance"

When I'm alone with You Lord
My troubles seem to disappear
And the peace that comforts me
Always comes when You are near
And Your love's too much for my heart to contain
Joy too much that my feet won't refrain

So I dance like the rain on the roof
Tell my soul that my spirit's on the loose
Don't know if anyone will understand
Feels like an angel's got a hold of my hand
So I dance
I dance I dance I dance

When I think about the ways
That You have blessed my life
I sing a song of praise and thankful tears fill my eyes
'Cause Your love's too much for my heart to contain
Joy too much that my feet won't refrain
